

NEPTUNE®

ACODI
architecture créative

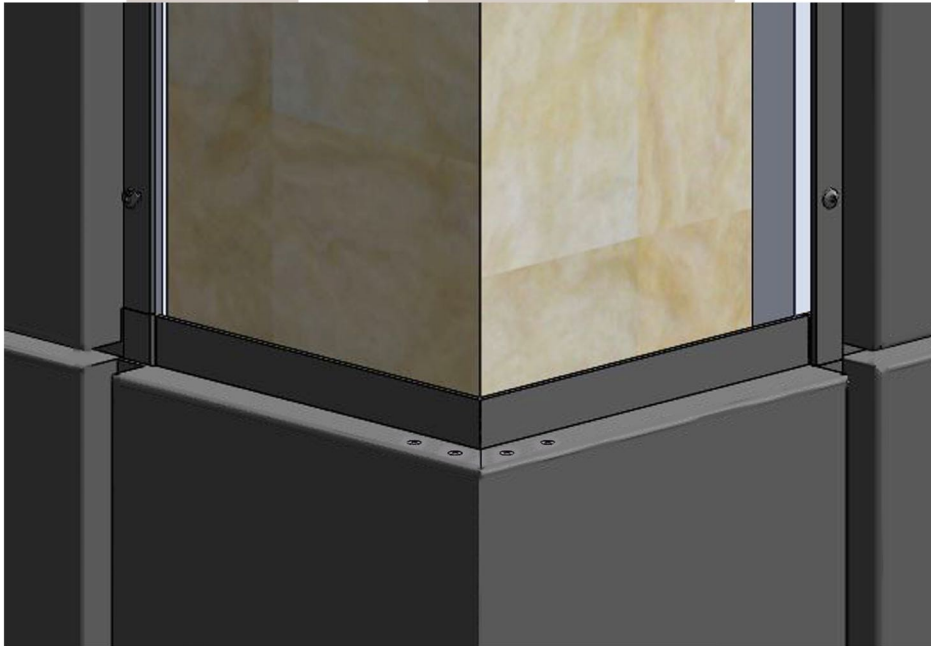

AMBITION range solution

FOLDED, ATTACHED AT THE BOTTOM OF RECESSED JOINTS

- Suited to both vertical and horizontal layouts
- Suitable especially for **facing soffits, infill elements** and also for walls under window ledges and mullions
- Colour consistency between the cladding and recessed joints
- Closed joints facilitating drainage
- Provides the most discrete form of frontal fixture

The NEPTUNE® solution complies with the requirements of the CSTB (code of practice for building works) depending on the material used and the type of substrate.
